KTEE is a rising singer/songwriter from Austria, and so far her music has been compared to the likes of Zara Larsson and Anne Marie. She left her small hometown in Austria to study at The University Of Vienna where she received numerous noise complaints from disgruntled neighbours and friends. However she continued to play her music and eventually met producer Bern Wagner who she has been working with ever since.

KTEE then took the bold step to move to Dublin, where her songwriting has really flourished. And now she has released her brand new single 'Rollercoaster'.

Speaking about the treatment for the official music video for the track, KTEE says: *“Filming in an actual roller coaster seemed too cheesy and obvious for me so we came up with the roadtrip idea. We loved the idea of filming in a city with a beach, so we flew the crew out to Barcelona and spent an awesome 2 days filming. However, we weren’t that lucky with the weather. It doesn’t look like it, but it was really windy and I caught a bad cold from being on the beach. Totally worth it.”*
